IN PARTNERSHIP WITH

SPACE EAST

Find customers, partners and capital with Space Network

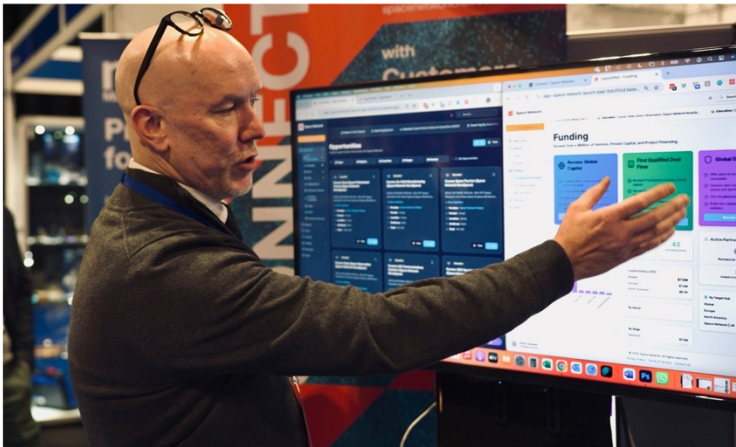

Exclusive 25% UK Cluster discount for Space East members

Space East has partnered with **Space Network**, the global space ecosystem and B2B marketplace, to give member companies exclusive discounted access to **Connect**, our opportunity platform. **Connect** is built to help organisations across the space sector and adjacent industries, turn connections into contracts by accelerating commercial traction and promoting real opportunities worldwide.

With **Connect** you can:

- Win new customers and contracts
- Promote your products and services
- Find partners and collaborators
- Recruit specialist space talent
- Source trusted suppliers & providers
- Access knowledge and capital

Join today to save 25% on your first year and unlock thousands of pounds' worth of member-only benefits from Space Network partners from day one.

About Space Network

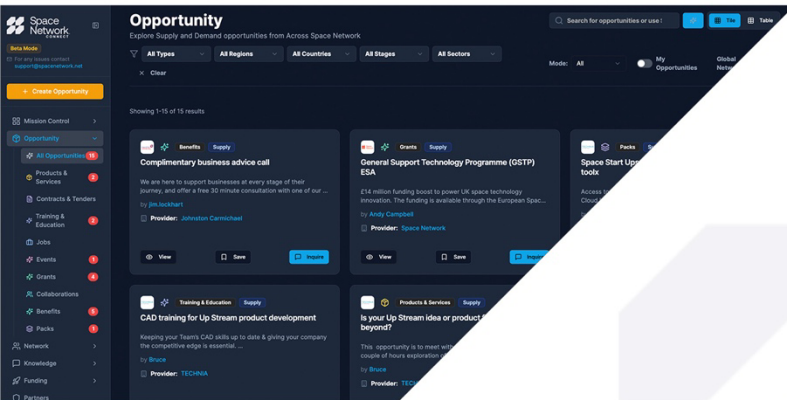

Founded in 2023, **Space Network** has a clear vision: *to accelerate the commercial growth of the global space sector by building the world's most connected space sector marketplace.* Through our **Connect** platform and curated partner network, we help members find customers, suppliers, talent, capital, knowledge and practical support, turning connections into contracts and purposeful collaborations.

The power of the network

Connect gives you direct access to the Space Network community where **everyone** is a first connection! Find key individuals, reach decision-makers, and engage organisations. Build your profile, showcase capability, and connect with the global space community to unlock meaningful introductions and drive commercial traction.

Access global space knowledge

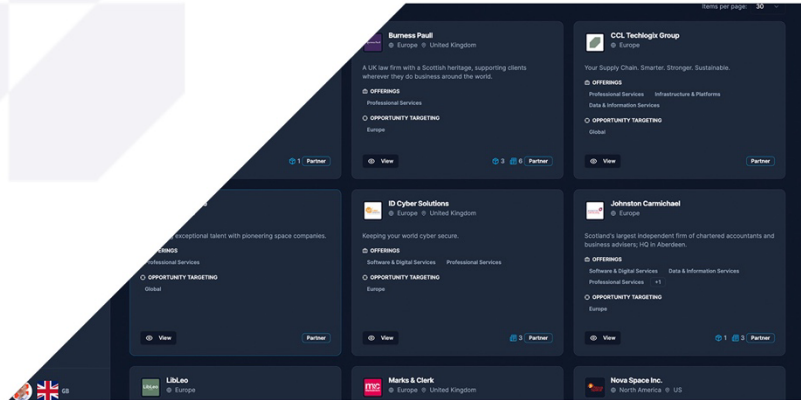

The Knowledge area is where meaningful engagement happens. Our Forums are built for professional, additive conversation and genuine knowledge sharing. Ask questions, share insight, learn from peers, and build collaboration across the community. You'll also find the latest global space news and curated content to keep you informed.

Unlock critical growth capital

Gain access to over \$1bn in potential capital sources, including venture capital, project and asset finance, and venture debt. Through our proprietary diagnostics, companies can measure their Capital Readiness Level (CRL), build a best-in-class data room, strengthen investment readiness with trusted professional advisors, and match with funding sources aligned to their stage, sector and ambition.

Explore global supply and demand opportunities from across the Space Network

Connect brings the sector together around real, actionable opportunities, making it easier to promote what you offer and find what you need – all just a click away.

Products & Services

Promote your products & services, secure new customers, explore new routes to market, or identify suppliers, solutions and partners.

Jobs

Advertise roles to attract top talent and help your company grow, or find new vacancies to take your own career to the next level.

Collaborations

Find partners or join consortia for bids, research programmes and joint ventures, strengthening delivery, credibility and outcomes.

Contracts & Tenders

Publish tender opportunities, define supplier requirements, or discover open calls that match your capabilities and offering.

Events

Share and discover local or global events and activities that bring people and companies together to learn, meet and collaborate.

Benefits

Access thousands of pounds' worth of free, exclusive member-only benefits offered by Space Network partners.

Training & Education

Upskill yourself or team through accredited programmes, or promote your own space training offers to reach a global market.

Grants

Discover grants and funding calls from the public sector, or share relevant programmes that can accelerate projects and growth.

Packs

Unlock exclusive partner packs – often discounted – with paid-for services and bundled support designed to accelerate progress.
