

# SEI FastTrack

Precision Engineering Excellence For Your Most Demanding Projects.

# SEI FastTrack

## Our Mission is Simple:

**Customer-Centric Approach**, we work closely with each client, offering personalised solutions and ensuring that their unique needs are met with efficiency and precision.

**To provide exceptional engineering solutions** with a commitment to precision, innovation, and customer satisfaction. We believe in getting it right the first time, every time, and continuously push the boundaries of what's possible.

## Key Services: CNC Machining

Precision multi-axis CNC machining capabilities for complex, close-tolerance components, ensuring accuracy and reliability utilising 3, 4 & 5-axis Milling, Turning & Mill/Turn,

Multi-pallet and bar feeders for lights out operation.

As well as EDM spark and wire processes.

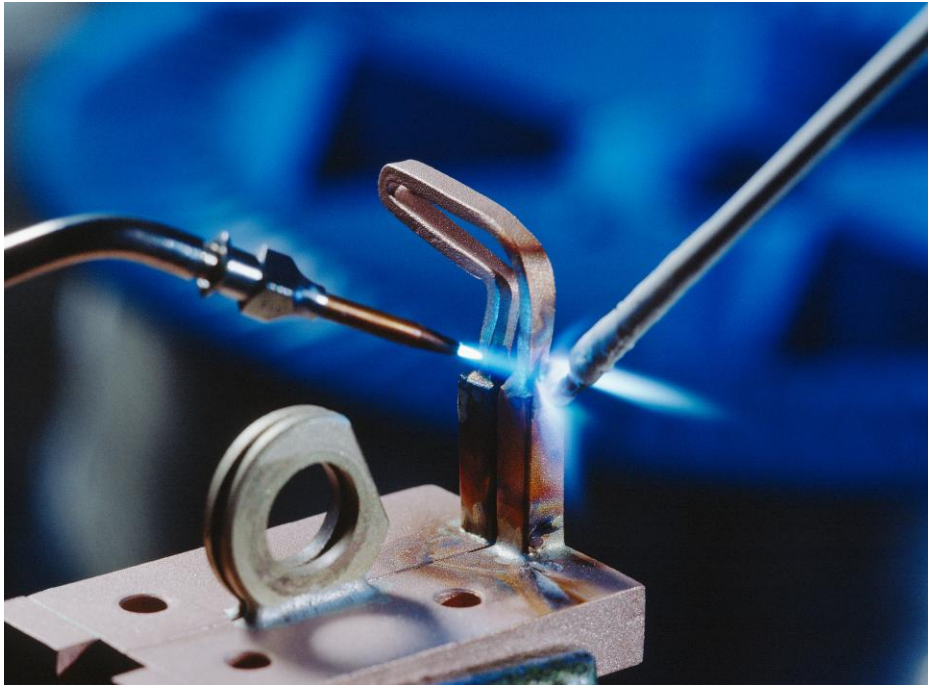

## Key Services: Press Shop

A fully equipped press shop comprising of laser cutting, crank, and hydraulic presses for precision metalwork and high-volume production as well as PNC spinning capabilities for lower volume and prototype work.

## Key Services: Heat Treatment & Furnacing

Traditional heat treatments alongside specialised thermal processes including inert gas & vacuum furnacing used for inter-stage heat treatment or precision brazing.

## Key Services: Prototyping & Fasttrack

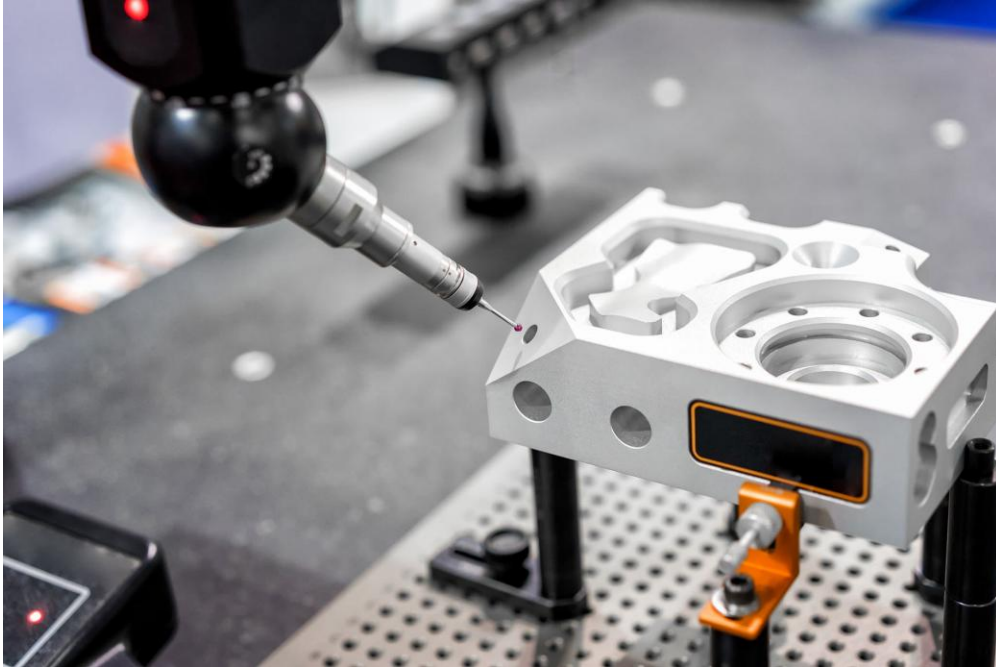

### Prototyping Service

Turnkey solutions offering full engineering support from concept to delivery

### Expedited Fast Track Service

For urgent projects, our premium service guarantees accelerated turnaround times without compromising on quality, ensuring your critical components are delivered on schedule.

## Quality:

Quality is at the core of everything we do.

Our commitment to excellence is built on the philosophy of delivering precision and reliability, ensuring that every project is completed to the highest standards.

Right the first time.

### We provide:

- Full Material Traceability
- Comprehensive Inspection Reports
- Material Certificates
- Process and Control Capability Studies

## Looking Ahead: Collaboration

We are constantly evolving to meet the ever-changing needs of our clients and the industries we serve, ensuring that we remain at the forefront of precision engineering.

Our focus remains on delivering unmatched precision, quality, and service.

As we continue to grow and innovate, collaboration is the key to our future success
